

ture campaigns, raise awareness among your own circles, report human rights violations that you have heard of or seen, join the demonstrations

Help publish pamphlets and publish articles/books

We are printing various IEC materials and publishing study reports which is primarily aimed at reaching to our mission and which needs a lot of support both academically and monetarily

Support us

RIGHTS has been able to reach out in its mission of protection and promotion of Human Rights over

all these year and this has been possible only because of the support we have received from concerned individuals, organizations and donor agencies. People and organizations of varied backgrounds have come forward and extended their solidarity through diverse ways to strengthen and consolidate the human rights movement and struggle. Many issues need to be addressed on an ongoing and sustained basis and your support is solicited for this mission.

RIGHTS

working
towards the
realization
of a just and **equitable**
society

RIGHTS

A nonprofit NGO working towards the realization of a just and equitable society, where all human rights are fully and duly respected. RIGHTS is focused on working with Dalits, Adivasies and Fishing Communities who are excluded from the professed Kerala development. The troubled realities of above said communities is based on many factors. With our limited resources, we concentrated on the issue of education and health of the children from the margins.

.what we do ...

Monitoring

The state has obligation to respect, protect and fulfill all human rights. The core purpose of the monitoring is to watch the state and its obligations. Monitoring is a broad term describing a number of activities of the active collection, verification, and use of information to address human rights problems based on national and UN instruments/ mechanisms

- ▶ Fact finding: An illustrative a process of information-gathering in order to establish and verify the facts surrounding an alleged human rights violations and drawing conclusions from facts collected through monitoring activities.

- ▶ Legal action : Initiate legal proceedings /strategic litigation both national and international

- ▶ Political Action : Engaging the issues take up by the organisation with Parliamentarians/ legislatives/ Local Self Governments to ensure an awareness of such issues with that community and

elicit their possible support and cooperation.

- ▶ Public Action : Motivate/engage with community/ for public protest etc

Research
